Policy Statement

Mental health is a state of well-being in which every individual realises his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to her or his community. (World Health Organisation)

At our school, we aim to promote positive mental health for every member of our staff and student body. We pursue this aim using both universal, whole school approaches and specialised, targeted approaches aimed at vulnerable students.

In addition to promoting positive mental health, we aim to recognise and respond to mental ill health. In an average classroom, three children will be suffering from a diagnosable mental health issue. By developing and implementing practical, relevant and effective mental health policies and procedures we can promote a safe and stable environment for students affected both directly, and indirectly, by mental ill health.

Scope

This document describes the school's approach to promoting positive mental health and wellbeing. This policy is intended as guidance for all staff including non-teaching staff and governors.

This policy should be read in conjunction with our medical policy in cases where a student's mental health overlaps with or is linked to a medical issue and the SEND policy where a student has an identified special educational need.

DUNTON & WRESTLINGWORTH CHURCH OF ENGLAND (VC) LOWER SCHOOLS

The Policy Aims to:

- Promote positive mental health in all staff and students
- Increase understanding and awareness of common mental health issues
- Alert staff to early warning signs of mental ill health
- Provide support to staff working with young people with mental health issues
- Provide support to students suffering mental ill health and their peers and parents/carers

Lead Members of Staff

Whilst all staff have a responsibility to promote the mental health of students, staff with a specific, relevant remit include:

Child Protection / Safeguarding Officer	Mrs Nancy Sheehan
Deputy Child Protection	Mrs Emily Argent
Mental Health Lead	Mrs Emily Argent
Pastoral Support	Mrs Amanda Bradley Mrs Beverley Hall
First Aider at work	Mrs Beverley Hall
Paediatric First Aiders	Mr Ben Mardle Miss Alex Jones Miss Lorraine Moore Mrs Ann Swales Mrs Kate Millard Mrs Kim Knibbs
CPD lead	Mrs Nancy Sheehan

DUNTON & WRESTLINGWORTH CHURCH OF ENGLAND (VC) LOWER SCHOOLS

Any member of staff who is concerned about the mental health or wellbeing of a student should speak to the mental health lead in the first instance. If there is a fear that the student is in danger of immediate harm then the normal child protection procedures should be followed with an immediate referral to the designated child protection office of staff or the head teacher. If the student presents a medical emergency then the normal procedures for medical emergencies should be followed, including alerting the first aid staff and contacting the emergency services if necessary.

Support Plans

Children with emerging mental health conditions or who receive a diagnosis pertaining to their mental health should have **an individual plan**. The relevant plan should be drawn up involving the pupil, the parents and health professionals.

Teaching about Mental Health

The skills, knowledge and understanding needed by our students to keep themselves and others physically and mentally healthy and safe are included as part of the Early Years Foundation Stage Curriculum and our developmental **PSHE curriculum**.

The specific content of lessons will be determined by the specific needs of the cohort we're teaching but there will always be an emphasis on enabling students to develop the skills, knowledge, understanding, language and confidence to seek help, as needed, for themselves or others.

DUNTON & WRESTLINGWORTH CHURCH OF ENGLAND (VC) LOWER SCHOOLS

We will follow the **PSHE Association Guidance** to ensure that we teach mental health and emotional wellbeing issues in a safe and sensitive manner which helps rather than harms.

Signposting

We will ensure that staff, students and parents are aware of sources of support within school and in the local community. What support is available within our school and local community, who it is aimed at and how to access it.

Warning Signs

School staff may become aware of warning signs which indicate a student is experiencing mental health or emotional wellbeing issues. These warning signs should **always** be taken seriously and staff observing any of these warning signs should communicate their concerns with our mental health and emotional wellbeing lead.

Possible warning signs include:

- Physical signs of harm that are repeated or appear non-accidental
 - Changes in eating / sleeping habits
 - Increased isolation from friends or family, becoming socially withdrawn
 - Changes in activity and mood
 - Lowering of academic achievement
 - Talking or joking about self-harm or suicide
 - Abusing drugs or alcohol
 - Expressing feelings of failure, uselessness or loss of hope
 - Changes in clothing – e.g. long sleeves in warm weather
 - Secretive behaviour
 - Skipping PE or getting changed secretly
 - Lateness to or absence from school
-

DUNTON & WRESTLINGWORTH CHURCH OF ENGLAND (VC) LOWER SCHOOLS

- Repeated physical pain or nausea with no evident cause
- An increase in lateness or absenteeism

Managing disclosures

A student may choose to disclose concerns about themselves or a friend to any member of staff so all staff need to know how to respond appropriately to a disclosure.

If a student chooses to disclose concerns about their own mental health or that of a friend to a member of staff, the member of staff's response should always be calm, supportive and non-judgemental.

Staff should listen, rather than advise and our first thoughts should be of the student's emotional and physical safety rather than of exploring 'Why?'.

All disclosures should be recorded in writing and held on the student's confidential file. This written record should include:

- Date
- The name of the member of staff to whom the disclosure was made
- Main points from the conversation
- Agreed next steps

This information should be shared with the mental health lead who will store the record appropriately and offer support and advice about next steps.

DUNTON & WRESTLINGWORTH CHURCH OF ENGLAND (VC) LOWER SCHOOLS

Confidentiality

We should be honest with regards to the issue of confidentiality. If we it is necessary for us to pass our concerns about a student on then we should discuss with the student:

- Who we are going to talk to
- What we are going to tell them
- Why we need to tell them

We should never share information about a student without first telling them. Ideally we would receive their consent, though there are certain situations when information on children, under the age of 16 who are in danger of harm, must always be shared with another member of staff and / or a parent.

It is always advisable to share disclosures with a colleague, usually the mental health lead as this helps to safeguard our own emotional wellbeing as we are no longer solely responsible for the student, it ensures continuity of care in our absence and it provides an extra source of ideas and support. We should explain this to the student and discuss with them who it would be most appropriate and helpful to share this information with.

Parents must always be informed and students may choose to tell their parents themselves. If this is the case, the student should be given 24 hours to share this information before the school contacts parents. We should always give students the option of us informing parents for them or with them.

DUNTON & WRESTLINGWORTH CHURCH OF ENGLAND (VC) LOWER SCHOOLS

If a child gives us reason to believe that there may be underlying child protection issues, parents should not be informed, but the child protection office must be informed immediately.

Working with Parents

Where it is deemed appropriate to inform parents, we need to be sensitive in our approach. Before disclosing to parents we should consider the following questions (on a case by case basis):

- Can the meeting happen face to face? This is preferable.
- Where should the meeting happen? At school, at their home or somewhere neutral?
- Who should be present? Consider parents, the student, other members of staff.
- What are the aims of the meeting?

It can be shocking and upsetting for parents to learn of their child's issues and many may respond with anger, fear or upset during the first conversation. We should be accepting of this (within reason) and give the parent time to reflect.

We should always highlight further sources of information and give them leaflets to take away where possible as they will often find it hard to take much in whilst coming to terms with the news that you're sharing.

Sharing sources of further support aimed specifically at parents can also be helpful too e.g. parent helplines and forums.

We should always provide clear means of contacting us with further questions and consider booking in a follow up meeting or phone call right away as parents often have many questions as they process the

DUNTON & WRESTLINGWORTH CHURCH OF ENGLAND (VC) LOWER SCHOOLS

information. Finish each meeting with agreed next step and always keep a brief record of the meeting on the child's confidential record.

Working with All Parents

Parents are often very welcoming of support and information from the school about supporting their children's emotional and mental health. In order to support parents we will:

- Highlight sources of information and support about common mental health issues on our school website
- Ensure that all parents are aware of who to talk to, and how to get about this, if they have concerns about their own child or a friend of their child
- Make our mental health policy easily accessible to parents
- Share ideas about how parents can support positive mental health in their children through our regular information evenings
- Keep parents informed about the mental health topics their children are learning about in PSHE and share ideas for extending and exploring this learning at home

Supporting Peers

When a student is suffering from mental health issues, it can be a difficult time for their friends. Friends often want to support but do not know how. In the case of self-harm or eating disorders, it is possible that friends may learn unhealthy coping mechanisms from each other. In order to keep peers safe, we will consider on a case by case basis which friends may need additional support. Support will be provided either in one to one or group settings and will be guided by conversations by the student who is suffering and their parents with whom we will discuss:

- What it is helpful for friends to know and what they should not be told
-

DUNTON & WRESTLINGWORTH CHURCH OF ENGLAND (VC) LOWER SCHOOLS

- How friends can best support
 - Things friends should avoid doing / saying which may inadvertently cause upset
 - Warning signs that their friend needs help (e.g. signs of relapse)

Additionally, we will want to highlight with peers:

- Where and how to access support for themselves
- Safe sources of further information about their friend's condition
- Healthy ways of coping with the difficult emotions they may be feeling

Training

As a minimum, all staff will receive regular training about recognising and responding to mental health issues as part of their regular child protection training in order to enable them to keep students safe.

We will host relevant information on our virtual learning environment for staff who wish to learn more about mental health. The MindEd learning portal provides free online training suitable for staff wishing to know more about a specific issue.

Training opportunities for staff who require more in depth knowledge will be considered as part of our performance management process and additional CPD will be supported throughout the year where it becomes appropriate due developing situations with one or more students.

Where the need to do so becomes evident, we will host twilight training sessions for all staff to promote learning or understanding about specific issues related to mental health.

DUNTON & WRESTLINGWORTH CHURCH OF ENGLAND (VC) LOWER SCHOOLS

Suggestions for individual, group or whole school CPD should be discussed with our CPD Coordinator who can also highlight sources of relevant training and support for individuals as needed.
