## 1. Aims

Our school aims to:

- Have robust processes in place to ensure the online safety of pupils, staff, volunteers and governors
- Deliver an effective approach to online safety, which empowers us to protect and educate the whole school community in its use of technology
- Establish clear mechanisms to identify, intervene and escalate an incident, where appropriate

## 2. Legislation and Guidance

This policy is based on the Department for Education's statutory safeguarding guidance, <u>Keeping Children Safe in Education</u>, and its advice for schools on <u>preventing and tackling</u> <u>bullying</u> and <u>searching</u>, <u>screening and confiscation</u>. It also refers to the Department's guidance on <u>protecting children from radicalisation</u>.

It reflects existing legislation, including but not limited to the <u>Education Act 1996</u> (as amended), the <u>Education and Inspections Act 2006</u> and the <u>Equality Act 2010</u>. In addition, it reflects the <u>Education Act 2011</u>, which has given teachers stronger powers to tackle cyberbullying by, if necessary, searching for and deleting inappropriate images or files on pupils' electronic devices where they believe there is a 'good reason' to do so.

The policy also takes into account the National Curriculum computing programmes of study.
