DUNTON & WRESTLINGWORTH CHURCH OF ENGLAND (VC) LOWER SCHOOLS

Introduction

This school promotes a Christian ethos, and, by example and direct teaching, follows and promotes the teachings of Jesus, whilst recognising that not all of its members will be practising Christians.

We recognise that the personal development of pupils, spiritually, morally, socially and culturally, plays a significant part in their ability to learn and achieve.

We therefore aim throughout the school to provide an education that provides pupils with opportunities to explore and develop their own values and beliefs, spiritual awareness, high standards of personal behaviour, a positive caring attitude towards other people, an understanding of their social and cultural traditions and an appreciation of the diversity and richness of other cultures.

All curriculum areas have a contribution to make to the child's spiritual, moral, social and cultural development and across the school year opportunities for this will be planned in each area of the curriculum.

The integrity and spirituality of pupils from other faith backgrounds will be respected and explored. The diversity of spiritual traditions will be recognised, and pupils will be given access to alternative views. All adults will model and promote expected behaviour, treating all people as unique and valuable individuals and showing respect for pupils and their families.

The school community will be a place where pupils can find acceptance for themselves as unique individuals, and where forgiveness and the opportunity to start again is fundamental to the ethos of the school.

Pupils should learn to differentiate between right and wrong in as far as their actions affect other people. They will be encouraged to value themselves and others. Pupils should understand the need for rules and the need to abide by rules for the good of everyone. School and classroom rules should reflect, reiterate, promote and reward acceptable behaviour and provide opportunities to celebrate pupils' work and achievements.

General Aims

- To ensure that everyone connected with the school is aware of our values and principles
- To ensure a consistent approach to the delivery of SMSC education through the curriculum and the general life of the school
- To ensure that a pupil's education is set within a context that is meaningful and appropriate to their age, aptitude and background
- To ensure that pupils know what is expected of them and why
- To give each pupil a range of opportunities to reflect upon and discuss their beliefs, feelings and responses to personal experience
- To enable pupils to develop an understanding of their individual and group identity
- To enable pupils to begin to develop an understanding of their social and cultural environment and an appreciation of the many cultures that now enrich our society
- To give each pupil the opportunity to explore social and moral issues, and develop a sense of social and moral responsibility. All curriculum areas should seek to use illustrations and examples drawn from as wide a range of cultural contexts as possible. This will be reflected in teacher's planning and purchasing decisions

Teaching and Organisation Development in SMSC will take place across all curriculum areas, within activities that encourage pupils to recognise the spiritual dimension of their learning, reflect on the significance of what they are learning, and to recognise any challenges that there may be to their own attitude and lifestyle. All curriculum areas should seek illustrations and examples drawn from as wide a range of cultural contexts as possible.

Class discussions and circle time will give pupils opportunities to:

- Talk about personal experiences and feelings
- Express and clarify their own ideas and beliefs
- Speak about difficult events, eg bullying, death etc
- Share thoughts and feelings with other people
- Explore relationships with friends/family/others
- Consider others' needs and behaviour
- Show empathy
- Develop self-esteem and a respect for others
- Develop a sense of belonging
- Develop the skills and attitudes that enable pupils to develop socially, morally, spiritually and culturally — e.g. empathy, respect, open mindedness, sensitivity, critical awareness

Many curriculum areas provide opportunities to:

- Listen and talk to each other
- Learn an awareness of treating all as equals
- Agree and disagree
- Take turns and share equipment
- Work cooperatively and collaboratively

Links with the wider community

Visitors are welcomed into school. Links with the Church are fostered through links with the local churches and the Diocesan Board of Education.

The development of a strong home-school link is regarded as very important, enabling parents and teachers to work in an effective partnership to support the pupil.

Pupils will be taught to appreciate their local environment and to develop a sense of responsibility to it.

Monitoring and Evaluation

Provision for SMSC is monitored and reviewed on a regular basis. This is achieved by:

- Teaching staff identifying aspects within subjects to be included in their planning.
- Through staff meetings SMSC will be monitored including resource provision and identifying areas for development
- The Policy will be reviewed every 2 years
